

EmblemHealth-Bridge Program Network

June 20, 2023

You are considered in-network for a Bridge Program member if you are part of any of the five networks listed below and the word “Bridge” appears on the member’s ID card.

- ⇒ EmblemHealth Insurance Company’s (formerly HIPIC) Prime Network
- ⇒ EmblemHealth Plan Inc.’s (formerly GHI) National Network
- ⇒ ConnectiCare, Inc.’s (CCI) Choice Network
- ⇒ QualCare Network
- ⇒ First Health Network

If the member’s ID card is not available, or you want proof that you are considered in-network for the member, use the **Check Provider Network Status** feature in the provider portal’s **Member Management** section (**EmblemHealth** | **ConnectiCare**). This feature will let you know if you are in-or-out-of-network for any **EmblemHealth** or **ConnectiCare** member.

Once you are looking up a member’s Eligibility, it is easy to click the **Check Provider Network Status** button.

For full information about the Bridge program, see EmblemHealth’s **Bridge page**.
