

# MIPS: MCR ERROR IN 2019 PAYMENT

---

**March 19, 2019**

Recently, CMS discovered an error in the implementation of the 2019 Merit-based Incentive Payment System (MIPS) payment adjustment; it incorrectly applies payments for Medicare Part B drugs and other nonphysician services billed by physicians. Adjustments to impacted claims will occur in the near future:

- ⇒ If they overpaid a claim based on this error, you will get a notification for recoupment from your Medicare Administrative Contractor.
- ⇒ If they underpaid a claim, it will be adjusted.

No action is required on your end.
