

Noridian DME-Denial Code Resolution Help Available

March 26, 2019

If you have a denied claim, unsure of what the denial code means, and wonder if or how it can be corrected, you can visit the [Noridian Browse by Topic>Remittance Advice \(RA\)>Denial Code Resolution](#) webpage.

You have access to various Reason and Remark Code related webpages that include common reasons for denial, the appropriate next step (resubmit claim, request reopening or redetermination), and how to avoid the same denial in the future.
